

# Power & Renewables Report 2018

---

IJGlobal

30/07/2018

IJGlobal takes a look at the main trends impacting the power and renewable energy sectors at a time of rapid evolution in the latest edition of this [annual report](#).

With expert insight from Crédit Agricole and DNV GL, the report covers:

- life extension for renewables assets
- emerging US offshore wind sector
- contractual structures for battery storage
- ambitious renewables target in New York State
- financing of the largest offshore wind farm

In addition, we reveal the top firms for the first half of the year in our power & renewables H1 league tables.
