The only way you could have missed the results of the IJInvestor Awards 2021 would have been if you're not on LinkedIn as *IJGlobal* littered the site with updates from the live event hosted in London.

However, that was not the full washing list of winners as we held back announcing a good number of them as they were not able to attend last Wednesday's in-person awards ceremony at Pan Pacific, London, to pick them up.

This story focuses on the company winners for across the EMEA region.

- Eurofiber – EMEA Asset Performance of the Year, Digital Infrastructure
- Eco Eridania – Asset Performance of the Year, Infrastructure
- Energia Group – Asset Performance of the Year, Renewables
- AMP Capital – Debt Fund Manager of the Year, Deployment
- Generali Global Infrastructure – Debt Fund Manager of the Year, Fundraising
- Green Investment Group – Direct Investor of the Year
- Partners Group for Parmaco – Redefining Infrastructure Award
- Ciutat de València – Social Infra Debt Fund Investment of the Year
- Basalt Infrastructure Partners – Equity Fund Manager of the Year

- Meridiam – Impact Investor of the Year
- Weil Gotshal & Manges – Legal Adviser of the Year, Fundraising

The winners of these awards will feature in greater depth in the Winter issue of the *IJGlobal Magazine* that will be published (digital only) later this week.
