Welcome to the winter issue of the IJGlobal Magazine – virtual once again thanks to the Covid-19 pandemic – that dominated by results from IJInvestor Awards 2021.

In this quarterly issue, the theme is very much focused on the awards night that we were able (fortunately) to host earlier this month in Pan Pacific, London.

As was mentioned repeatedly throughout the night, IJInvestor snuck in under the radar just before other events started being cancelled and guests were all the happier for being able to dress up and attend a glitzy event at a venue they had not been to before.

The best part of 200 guests gathered to celebrate achievements in infrastructure and energy M&A as well as infra fund fundraising and deployment for the period April 2020 to March 2021.

There are many more awards in this issue than were announced on the night, including the winners who were not in the room to pick them up and results from the APAC judging.

This is the final publication for 2021 and we have plans to evolve this editorial product for next year... but we will keep you abreast of developments as the occur.
