The IJGlobal Awards for the MENA region were hosted last night in Dubai, celebrating transactions that closed over the course of the 2022 calendar year and the companies that drove them on to a successful conclusion.

The celebrations were hosted last night (26 April) in the Shangri-La, Dubai, celebrating the regional winners for IJGlobal Awards 2022, attracting a hearty crowd of industry specialists to cap off a successful year.

This was the final IJGlobal Awards night for 2023 – celebrating achievements from 2022 – and was hosted later than usual in the MENA region so as not to clash with religious observation.

A host of awards were presented last night, including:

- [MENA deal winners](#)
- [MENA company winners](#)

This event brought to a conclusions this year's awards season, celebrating the international greenfield finance and refinance of infrastructure and energy.

The winners from other awards nights – in the order they were presented – are identified in these (open access) stories:

- [Europe & Africa](#)
- [the Americas](#)
- [Asia Pacific](#)

However, these are not the only awards presented by IJGlobal. This summer we will be opening up submission portals for the [IJGlobal ESG Awards](#) which will be followed by the [IIInvestor Awards](#) that recognise successes in infra / energy M&A and infra fund activity.
