The IJGlobal Awards 2023 for the Asia Pacific region were hosted this evening in the historic Raffles Hotel, Singapore, to a crowded room of infrastructure and energy professionals from across APAC.

The event was hosted by IJGlobal's APAC head of content Manju Dalal alongside Anita Kapoor who is famed as a moderator, host, MC, spokesperson, voiceover artist and podcaster, a former travel television host with shows across CNA and Discovery.

The full story on the Transaction Winners has been published in greater detail, as have the Company Awards. This piece pulls together a helicopter view of all the awards that were announced this evening in Singapore.

IJGlobal was delighted to host the event at a packed venue for transactions that made it to financial close between 1 January and 31 December 2023, as well as the organisations that have impacted the market over the course of the judging period.

The Company Awards are shortlisted and voted on by an [independent panel of judges](#), all of whom are seasoned industry professionals (recusals where there were conflicts of interest). Meanwhile, the Transaction Awards are chosen by the editorial team, based on submissions.

Here follow all the awards – not all of which were announced this evening – for the Asia Pacific region.
