

IJGlobal ESG Awards 2024 – all the winners

Angus Leslie Melville

17/10/2024

Having this evening hosted the IJGlobal ESG Awards 2024 the time has come to publish the full list of winners, identifying the great and good of the international infrastructure and energy community.

IJGlobal takes great pride in these awards which are now in their fourth year having become a landmark date in the industry's calendar.

We believe these awards – reviewed by an [independent panel of judges](#), all of whom have deep exposure to ESG – are the most transparent hosted by any title in the infra/energy sectors.

These awards are currently hosted in London, but we have plans to take them international. Through this event, we seek to recognise outstanding achievements across the infrastructure and energy asset classes, singling out the individuals, organisations and transactions that truly move the ESG dial.

To that end, we offer up a slew of stories on the winners – with judges' comments and explanations as to why they have won – as we raise our hats to their achievements in such an important field of activity.
